

Quotation request for electricity

All quotations must conform to the building code and standards of the cities, which issue the building permit.

Electrical hook up

- Hook the wires of the Champoux modular homes to the 200 amp 64 circuits panel supplied by Champoux. (Brakers for upstairs also supplied.)
 - Install and supply the meter box for hydro connection. (If an overhead mast is needed, it will be installed in the factory by Champoux.)
 - Connect the doorbell.
 - Connect the dishwasher to the panel (See plan for details.)
 - Install 1 outlet in basement, close to the electrical panel.
 - Connect the 40 gal water heater.
 - Electrical inspection
 - Others details: _____
-
